

- (a) Find the percentage of eggs that are classified as small. [3]

This image shows a full page of primary-ruled paper. It contains ten identical sets of horizontal lines arranged vertically. Each set includes three lines: a solid top line, a dashed middle line, and a solid bottom line, providing a guide for letter height and placement. The entire page is white with no other markings or text.

- (b) Find the least possible weight of an egg classified as large. [3]

This image shows a full page of white paper with horizontal dashed lines, typical of primary school handwriting practice paper. The lines are evenly spaced and run across the entire width of the page. There are no margins, text, or other markings present.
