

9 What does **not** cause a shift in the supply curve of cars?

- A a change in the car producers' costs of production
- B a change in the price of fuel used by car owners
- C a change in the rate of sales tax on cars
- D a change in the wage rate of workers in the car industry

10 The diagram shows the market for pineapples. X is the original equilibrium point. Pineapple producers benefit from improved technology. At the same time, a new diet book suggests that eating pineapples helps weight loss.

Which point is the new equilibrium?
