

- 17** A local council runs a museum. It used to charge an admission fee. It decided to give free entry in the hope of encouraging more people to use the museum and find out about the history of its area which the council regards as being important.

What can be said about the museum?

- A** It is a merit good because it is believed to be worth greater attendance.
  - B** It is a merit good because it is run by the local council.
  - C** It is a public good because anyone can use the museum.
  - D** It is a public good because people do not now have to pay for admission
- 18** In the diagram, D is the demand curve of an agricultural commodity and  $S_1$  is the initial supply curve.

The government introduces a buffer scheme to maintain farm incomes at their initial level.

What quantity would the government need to buy from the farmers to add to the buffer stock if a bumper harvest causes the supply curve to move to  $S_2$ ?

- A** 1000 tonnes
- B** 2000 tonnes
- C** 3000 tonnes
- D** 4000 tonnes
