22 Trade relations between two countries have gone through four stages.

At which stage was a customs union established?

- **A** The countries removed tariffs on selected goods from each other.
- **B** The countries removed tariffs on all goods from each other.
- **C** The countries set up a common external tariff towards other countries.
- **D** The countries introduced a single currency for use by both countries.
- 23 The table gives the percentage (%) rates of youth unemployment and total unemployment in France and the UK in 2001 and 2005.

		France		UK	
		youth unemployment (%)	total unemployment (%)	youth unemployment (%)	total unemployment (%)
2	001	19.2	8.7	12.0	5.2
2	005	22.1	10.1	12.5	4.8

What can be concluded from the table?

- A France and the UK experienced the same trends in unemployment.
- **B** France had a higher number of unemployed people than the UK.
- **C** The UK used a different definition of unemployment from France.
- **D** The UK was more successful than France in controlling unemployment.
- 24 The diagram shows the original aggregate demand curve, AD<sub>1</sub>, and the original aggregate supply curve, AS<sub>1</sub>.

What will be the new equilibrium if there is a fall in the country's exports and an increase in government subsidies to firms?
